Fletcher's Mutiny Cyclorama is an unforgettable experience. This is one of only a handful of paintings of this type in the world and is based on an art form made popular in the 1800's. Walk inside the circular painting and be surrounded by the immense artwork. A spectacular 3D effect is achieved in this painting with its detailed artwork and realistic perspective and the story that traces the history of the Bounty leaving England through Tahiti, Pitcairn Island and arrival at Norfolk Island in 1856.

However, taking pride of place is the 1876 Henry (Father) Willis organ located in a spacious chamber to the south-east of the building. Today you'll have the opportunity to sing along with this beautiful instrument as your accompanist plays.

At the end of the walk we meet on the cliff top for a delicious breakfast barbecue. (We do not recommend this walk to anyone with medical conditions). If you prefer not to rise early and bush walk, but would like to have breakfast on the cliff top, join the walkers at Anson Bay and share in the delicious barbecue breakfast.

The complex consists of the main building and several outbuildings within a high wall, and was completed in 1835. The main building's ground floor contained an office, meals room and store. The first floor housed an engineer's store, and the third floor a grain store. The basement contained a liquor store and a general store. In 1874 the building was converted to a church by removing the first floor to create a double-storey space and is used as the All Saints Anglican Church today.
